Assessments

Learners are required to complete assessments in addition to attending sessions.

Assessments will consist of the following for each module:

- Written knowledge questions
- Assessment activities
- Oral assessment

This requires a commitment from learners to complete assessments within one month of attending the face-to-face sessions.

Group Work

Aspire has built in group activities into face-to-face workshops so participation between learners is expected.

Note, this also aligns to your assessments with interactions continuing outside of the face-to-face sessions. Consultation with others is a large part of most assessments so if you do not wish to participate outside of the classroom this course will not be a suitable fit for you.
